Oxygen audio

Ø Car

And your iPhone becomes a car radio…

Amplified RDS car radio dedicated to iPhone

4x55W | SUB CONTROL | RDS Radio Data System | 24 AM/FM Presets | AAC Album & track control | Bluetooth | Hand Free

With O Car you can enjoy a wide range of music, whether it comes from your iPhone, the built-in RDS tuner (supported by the "Radio" application), or simply internet radio. It guarantees you remarkable sound, thanks to a high-end amplifier and the "Sound" application for all sound settings.

O Car lets you look for radio stations and programme them. You can access all the other apps on your iPhone at the same time. O Car recharges your smart phone and becomes a hands-free kit for safe calling. Its built-in Bluetooth model has an external microphone for uncompromised calling quality.

The extractible docking not only lets you use your iPhone horizontally or vertically, but you can also tilt the iPhone towards the user's field of vision. What's more, O Car adapts to your car's internal design, offering a choice of 6 application colours via the "display color" button.

*** Extractible (45 mm) and tilting (15°/360°) iPhone docking enabling you to use your iPhone vertically or horizontally.**

Works with iPhone

(3G, 3GS & iPhone 4)

Oxygen audio

Ø Car

And your iPhone becomes a car radio…
